North Main street Hutchinson

Our flag is still there!

The campaign of 1896 began at 6 o'clock, Tuesday evening. What are you doing to convert that republican brother of yours?

Every cause that brought the people party forth still exists. It will not be removed until the party contracts the policy of the government.

McKinley is feeling pretty good thank you. So is Allison.—News.
So are the gold bugs and monopolists of Wall street, Bro. Morgan.

Now that the election is over we wish to remind our free silver republican friends that the people's party will be the only party to declare for free coinage of silver at the ratio of 16 to 1, next year. Paste this in your hat.

THE ELECTION RETURNS.

The returns received up to last night from all over the country shows large increased vote for the single gold standard. In Massachusetts, Ohio, New York, Maryland, Iowa, and Pennsylvania, where the republican party boldly championed the cause of the money sharks and monopolists everything went republican by an increased majority of even last year.

In Kentucky where the democrats nominated a free silver candidate on a gold standard platform the state is in doubt. Mississippi, where the contest was between the democrats and the populists, the republicans not voting the democrats were successful. In that state the democrats at their state convention demanded the free coinage of silver.

In this state there was no contest except for county officers. Returns are very meager, but on the face of the returns it looks as if the percentage was about the same as last year with the increase favoring the populists.

We furnish our readers with as full a report as possible, of course there is no record of the populists' vote outside of this state. After 3 or 4 weeks when the truth gets here, which generally goes by slow freight, we shall have some good news from a people's party standpoint.

THE KANSAS ELECTION.

David Martin Elected, but His Majority Will Not Be Large—Other Offices.
TOLPEKA, Kan., Nov. 6.—The result of the election in Kansas yesterday is a great surprise to the republicans. They have elected David Martin to be chief justice, of course, but instead of being a practically unanimous vote for him, considerable opposition developed. They also have been disappointed in various localities, especially in Sedgewick county, where the republican submission helped to elect a democrat for district judge, and probably one for sheriff. In Shawnee county, until now considered a citadel of republicanism, Kopley, democrat, was elected sheriff over Burdige, the republican nominee.

Several judicial districts are also reported close. But the information so far received is that the republicans have gained over the vote of last year, although Chairman Breidenbach, of the populist party, has dispatches indicating populist gains.

The result in the various counties is coming in slowly, and it is impossible to state definitely the exact strength of the two parties. Among the counties carried by the republicans are Shawnee, Leavenworth, Douglas, Anderson, Labette, Cherokee, Crawford, Bourbon, Johnson, Cowley, Atchison, Marion, Nemaha, Doniphan, Jackson, Republic, Barton, Montgomery and Miami.

The populists carried Lyon, Clay, Saline, Dickinson, Ness and Smith. Later returns will no doubt swell the number.

THE PROHIBITORY LAW.

Judge West, of Fort Scott, Kan., decides that Kansas Officers Can Enforce It Anywhere.

FORT SCOTT, Kan., Nov. 6.—Judge J. A. West, of this city, yesterday handed down his decision in the case of W. H. Morris, county attorney of Crawford county, vs. Attorney-General F. B. Davies and T. W. Cogswell, assistant attorney-general, in which the plaintiff sought to enjoin the defendants from enforcing the prohibitory law in Crawford county, alleging that the appointment of an assistant attorney-general acted as an ouster to him and deprived him of his fees and office. Judge West denied the petition, and expressed the hope that the plaintiff might soon be able to enforce the law in his county without assistance. In speaking of the prohibitory law Judge West said: "While it is the duty of the county attorney to diligently prosecute offenders against this law, he is not made by the statute a detective, and some years' experience as such officer has shown me that people who furnish information to the county attorney are sometimes more loath to furnish the same than to criticize him." It is expected that the matter will be taken to the supreme court.

enters in the federal court here yesterday. The Central Loan & Trust Co., of New York, asked for a decree in foreclosure against the St. Joseph & Grand Island Railroad Co. for \$7,000,000 mortgage bonds, and the decree was granted. There was a great array of legal talent on hand.

RAINS IN THE SOUTHWEST.

The Showers Were General in Kansas and Other Sections—Much Colder Weather.
KANSAS CITY, Mo., Nov. 6.—Nearly 2 inches of rain fell here last night. The weather bureau has discontinued reports from Concordia and Wichita, Kan., so no measurements of the precipitation at those places is given. Oklahoma City got 1.20 inches. The rain was general in Kansas, except the extreme western part, and in Oklahoma, Missouri and Iowa, with showers in the northwest. The temperature is getting down toward zero in the northwest and it will be considerably below freezing here Thursday.

DILLARD LIKELY DEFEATED.

Contest in the Sixth Kansas Judicial District Close, but Simons is Probably Elected.
FORT SCOTT, Kan., Nov. 6.—Bourbon county elected a straight republican ticket except treasurer by small majorities. Love, the fusion candidate for treasurer, was elected over Smith by a small majority. The election of Senator Dillard for judge of the Sixth judicial district over Walter L. Simons, republican, was conceded early this morning, but the returns from Crawford and Linn counties indicate Simons' election.

THE FRAKER MONEY.

The Insurance Companies Will Receive Back All Except About \$4,000.
KANSAS CITY, Mo., Nov. 6.—By agreement of all parties concerned a decree was entered by Judge Phillips in the federal court to-day whereby the insurance companies which paid \$49,534.32 to the heirs of Dr. George W. Fraker will recover all of the money except about \$4,000, which has been spent by the executor of the will in administering on the estate of Dr. Fraker and in prosecuting suits against the insurance companies.

A WOMAN FOR CLERK.

Semelroth, of St. Louis, state superintendent, has arrived to attend the thirty-first annual convention of Missouri State Sunday School association, which met here to-day for a three days' session. CARROLLTON, Mo., Nov. 6.—M. D. Wilson, one of the attorneys for the Taylor brothers, has brought suit against them in the Linn county circuit court for \$1,100, balance of his fees in defending them.

BOLD WOMAN THIEF.

A St. Louis Stenographer Wears a Stolen Cloak from a Dry Goods Store.
ST. LOUIS, Nov. 6.—Miss Alice Hamilton, stenographer in the office of E. M. Ward, manager of the Transit Coal Co., yesterday entered Serengety, Vanderfoot & Barney's dry goods store, coolly opened one of the large glass cases, selected a mink skin cloak worth \$150, put it on and walked out. Miss Hamilton was recognized by an acquaintance, a saleswoman, who noticed her supposed purchase, and went to the department to ascertain who had made the sale. It was then found that the cloak had been stolen. Miss Hamilton admitted that she had taken it, and told where the cloak could be found. Instead of a single cloak the detective found her room packed with dry goods of every description, inventoried at \$3,500 to \$4,000. Miss Hamilton claims to be a kleptomaniac, and says she did not steal the goods for profit.

Freight Traffic Managers.
They Meet at Chicago and Make a New Tariff.

Excelsior Springs, Mo., Nov. 6.—The western trunk lines committee of freight traffic managers is in session here. Freight Traffic Manager Bird, of the Chicago, Milwaukee & St. Paul, is chairman of the meeting, and eleven interests are represented. The tonnage pool for Kansas City southwestern lines will be discussed, and the Kansas City, Fort Scott & Memphis is asked to join in the division of business on the percentage basis. The new tariff westbound, effective November 17, will be as follows: Missouri river to Colorado common points—First class, \$1.35; second, \$1; third, 80 cents; fourth, 65 cents; fifth, 50 cents; class A, 60 cents; class B, 45 cents; class C, 40 cents; class D, 35 cents; and class E, 30 cents.

Heavy Oklahoma Rains.

PERCY, Ok., Nov. 6.—Since last night from 4 to 5 inches of rain has fallen here and throughout Oklahoma territory. No rain of consequence has fallen since the middle of July and water was getting scarce. It fell last night in torrents, and is still raining. Passenger trains are delayed and many washouts are reported. It was reported here this morning that the long bridge of the Santa Fe over the South Canadian was wrecked, but this cannot be verified.

To Foreclose the Grand Island.
OMAHA, Neb., Nov. 6.—A case involving \$7,000,000 was decided by Judge

Sanborn in the federal court here yesterday. The Central Loan & Trust Co., of New York, asked for a decree in foreclosure against the St. Joseph & Grand Island Railroad Co. for \$7,000,000 mortgage bonds, and the decree was granted. There was a great array of legal talent on hand.

Earthquake in Austria-Hungary.
BERLIN, Nov. 6.—A dispatch from Flume, Austria-Hungary, says that serious earthquake shocks have been felt in the commune of Grahova. Wide fissures have appeared in the ground and extend over a large territory. Several houses collapsed during the subterranean disturbance, and a general panic is said to have prevailed among the inhabitants.

Lost Race Horses.
Frank Mileham, a Trusted Employee of the Tupton Post Office, short \$5,313.

TOPEKA, Kan., Nov. 6.—Post Office Inspectors W. E. Cochran and George M. Sutton have found a shortage of \$5,313 in the accounts of Frank Mileham, money order clerk in the Topeka post office, who had been employed in the office for nine years. The money had been withdrawn during the last year and Mileham says it was lost on race horses. C. W. Orea, cancelling stamp clerk, is also implicated in the shortage and is said to have received several hundred dollars. Orea owns a race horse.

Powers Warn Turkey.
Armed Joint Intervention Threatened to Put a Stop to Disorders.

ROME, Nov. 6.—A dispatch received from Constantinople says that owing to the recurring disturbance in various parts of the Turkish empire the ambassadors of the powers went to the porte separately yesterday and urged that immediate measures for the restoration of order be taken, declaring that otherwise the powers, acting in concert, would take their own steps in the matter. It is added that ambassadors also requested the Turkish minister of foreign affairs to state what the porte intended to do to terminate the present state of anarchy.
